

NOTIFICATION

Ref: G.O.(Ms)No.333/2022/HEDN dt 04.0702022

Admission to M.Tech (Regular) Courses 2022-23

The individual institutions can fill the vacancies existing after the centralised spot allotment published by DTE on 20.10.2022, by considering the candidates from the rank list published by DTE. After considering the candidates in the rank list published by DTE, candidates not included in the rank list can also register for the institution-wise spot admission. The rank list need to be prepared as per the various clauses in the MCAP 2022 prospectus and the rank list need to be published. If vacancies exist for various categories, candidates can be considered to those vacancies only if all relevant documents listed in the prospectus are produced by the candidate and the same need to be verified by the College authorities. The details of the institution-wise spot admission will be available from the respective institution's website. All original documents as per the prospectus need to be produced at the institution while appearing for the spot admission. The candidates who have not paid the fees should pay the fees in the institution on getting admitted through the spot admission.
