NOTIFICATION

Ref: G.O.(Ms)No.333/2022/HEDN dt 04.0702022

Admission to M.Tech (Regular) Courses 2022-23

The rank of some candidates were withheld in the final rank list published on 6.10.2022 because of various issues in the documents uploaded for nationality, fee payment, and mark list. An opportunity is given to those candidates for rectifying the defects in the uploaded documents by making the website available to them from 14.10.2022 to 12noon on 17.10.2022. The candidates need to upload the relevant documents against the memo, to enable them to be eligible for the subsequent allotments. For candidates who are issued memo for mark list, the marks/grade given online is used to prepare the rank. Hence, new rank will not be given even if the mark list uploaded for clearing the memo has marks/ grade higher than the marks/ grade given online. However, if the mark list uploaded for clearing the memo has marks/ grade lower than the marks/ grade given online, the rank of such candidates will not be released. The candidates whose ranks are released can participate in the spot allotment by registering their options during the allotted time. The notification regarding the spot registration will be issued shortly. The list of candidates whose applications are withheld, and the candidates whose applications are rejected, are published herewith.
